How did the Fund perform during the reporting period?

The performance of the Fund over the past six months was driven by the rally in equity markets. The Fund was 100% allocated to equities for the entire period and took advantage of the environment. Stock selection, engineered by our proprietary quantitative methodology, played a large role in the performance of the Fund. The value category was more challenged than growth during the time period.

During the six months ended June 30, 2024, the performance of the Fund did not deviate from Managers expectations. The Fund is designed to protect against capital destroying downside.

How has the Fund performed over the last ten years?
