<sup>(a)</sup> Non-income producing security.

- (b) Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in the ordinary course of business in transactions exempt from registration, normally to qualified institutional buyers. As of January 31, 2024, these securities had a total aggregate market value of \$24,314,265, representing 6.46% of net assets.
- (c) Security was purchased pursuant to Regulation S under the Securities Act of 1933, which exempts securities offered and sold outside of the United States from registration. Such security cannot be sold in the United States without either an effective registration statement filed pursuant to the Securities Act of 1933, or pursuant to an exemption from registration. As of January 31, 2024, the aggregate market value of these securities was \$27,499,233, representing 7.30% of net assets.
