Summary Section

Investment Objective. The investment objective of the AI Frank Fund (the “Fund”) is long-term capital appreciation.

Fees and Expenses of the Fund. This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees <i>(fees paid directly from your investment)</i>	Advisor Class
Redemption Fee (as a percentage of amount redeemed on shares held for 60 days or less)	2.00%
Annual Fund Operating Expenses <i>(expenses that you pay each year as a percentage of the value of your investment)</i>	
Management Fees	1.00%
Distribution and Service (Rule 12b-1) Fees	0.00%
Other Expenses	0.48%
Acquired Fund Fees and Expenses ⁽¹⁾	0.01%
Total Annual Fund Operating Expenses	1.49%
Fee Waiver/Expense Reimbursement	<u>(0.24)%</u>
Total Annual Fund Operating Expenses After Fee Waiver/Expense Reimbursements ⁽¹⁾	<u>1.25%</u>

(1) This number represents an estimate for the AI Frank Fund’s current fiscal year of the combined total fees and operating expenses of acquired funds owned by the AI Frank Fund and would not be a direct expense incurred by the AI Frank Fund or deducted from AI Frank Fund assets.

(2) Pursuant to an operating expense limitation agreement between Focus Partners Wealth, LLC (the “Adviser”) and the Fund, the Adviser has agreed to waive its fees and/or absorb expenses of the Fund to ensure that Total Annual Fund Operating Expenses (excluding any front-end or contingent deferred loads, brokerage fees and commissions, acquired fund fees and expenses, borrowing costs, (such as interest and dividend expense on securities sold short) taxes and extraordinary expenses such as litigation) for the Fund do not exceed 1.24% of the Fund’s average net assets, for Advisor Class shares through April 30, 2028. This operating expense limitation agreement can be terminated only by, or with the consent of, the Board of Trustees. The Adviser is permitted to receive reimbursement from the Fund for fees it waived and Fund expenses it paid, subject to the limitation that: (1) the reimbursement for fees and expenses will be made only if payable within three years from the date the fees and expenses were initially waived or reimbursed; and (2) the reimbursement may not be made if it would cause the expense limitation in effect at the time of the waiver or currently in effect, whichever is lower, to be exceeded.

Example. This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. The fee waiver/expense reimbursement arrangement discussed in the table above is reflected only through April 30, 2028. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

	One Year	Three Years	Five Years	Ten Years
Advisor Class	\$127	\$422	\$765	\$1,734

Portfolio Turnover. The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in Total Annual Fund Operating Expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 4.80% of the average value of its portfolio.

Principal Investment Strategies. Under normal market conditions, the Adviser selects equity securities that it believes are out of favor and undervalued. The Adviser then attempts to purchase the securities and hold them until it believes that the securities have reached their fair value.

The Adviser selects equity securities consisting of common stocks and securities having the characteristics of common stocks, such as preferred stocks, convertible securities, rights and warrants. The Fund may invest in securities of foreign issuers (“foreign securities”), provided that they are publicly traded in the United States, including in American Depositary Receipts (“ADRs”). The Adviser screens a universe of more than 6,000 stocks in order to identify those with low price-to-earnings ratios, price-to-book values, and price-to-revenues ratios relative to its historical norms, its industry peers or the overall market. The Adviser utilizes these and other fundamental valuation metrics as well as its assessments of a company’s long-term growth prospects and risk characteristics, in order to establish a target price for each stock. The target price represents the price at which the Adviser believes the stock is fairly valued. Those stocks with significant appreciation potential relative to these target prices and perceived risk characteristics become available for selection. The Adviser employs a go-anywhere style focused on uncovering undervalued stocks independent of market capitalization. The Fund’s portfolio is expected to hold both dividend and non-dividend paying stocks and seeks broad market diversification via exposure to a significant number of major market sectors and industry groups.

The Adviser may sell positions as they reach or approach their target price, if a lower target price results from a reassessment of earnings or valuation multiples, or if a more attractive stock is identified.

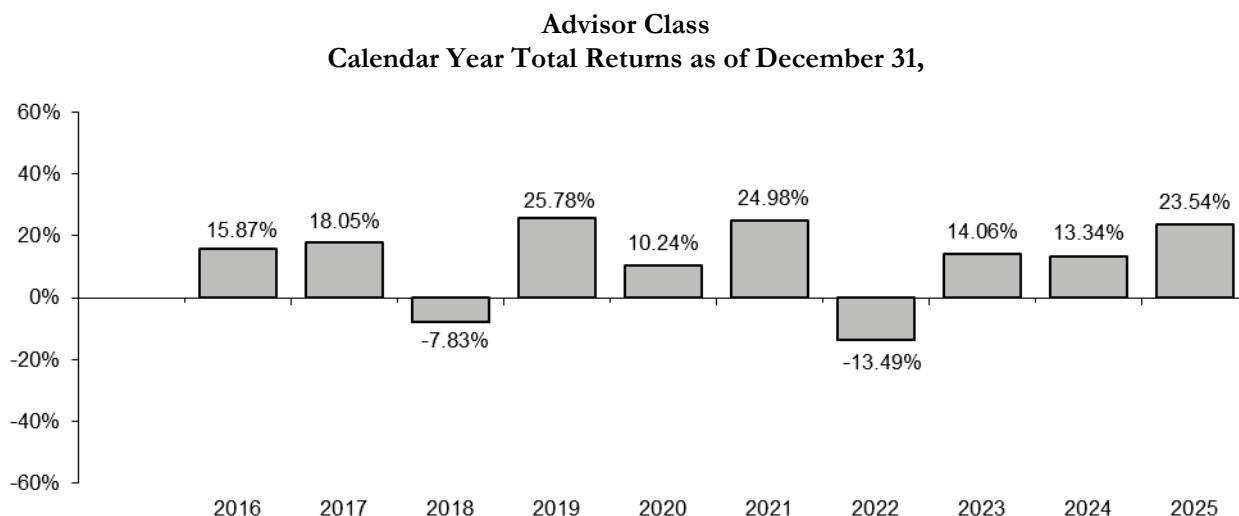

To earn additional income, the Fund, through its agent, may lend its portfolio securities to broker-dealers amounting to no more than 33-1/3% of the total assets of the Fund (including any collateral posted) or 50% of the total assets of the Fund (excluding any collateral posted). When the Fund loans its portfolio securities, it will receive collateral equal to at least 102% of the value of the loaned securities.

Principal Risks. Remember that in addition to possibly not achieving your investment goals, you could lose money by investing in the Fund. The principal risks of investing in the Fund are:

- **Equity Risk** – The equity securities held in the Fund’s portfolio may experience sudden, unpredictable drops in value or long periods of decline in value. This may occur because of factors that affect securities markets generally or factors affecting specific industries, sectors or companies in which the Fund invests.
- **Foreign Securities Risk** – The Fund may also invest in foreign securities, including ADRs, which are subject to special risks not usually associated with owning securities of U.S. issuers. These risks can include fluctuations in foreign currencies, foreign currency exchange controls, political and economic instability, differences in financial reporting, differences in securities regulation and trading, and taxation issues. Foreign securities can be more volatile than domestic (U.S.) securities. Securities markets of other countries are generally smaller than U.S. securities markets. Many foreign securities may be less liquid and more volatile than U.S. securities, which could affect the Fund’s investments.
- **General Market Risk** – The value of stocks and other securities the Fund holds or the overall stock market may decline over short or extended periods. Domestic and foreign economic growth and market conditions, interest rate levels, political events, terrorism, war, natural disasters, disease/virus epidemics, tariffs, trade disputes and other events are among the factors affecting the securities markets in which the Fund invests. There is risk that these and other factors may adversely affect the Fund’s performance. You could lose money by investing in the Fund.
- **Management Risk** – The Fund’s ability to achieve its investment objective depends on the ability of the Adviser to correctly identify economic trends and select stocks, particularly in volatile stock markets.
- **Securities Lending Risk** – There are certain risks associated with securities lending, including the risk that when lending portfolio securities, the securities may not be available to the Fund on a timely basis and the Fund may, therefore, lose the opportunity to sell the securities at a desirable price.
- **Small- and Medium-Sized Companies Risk** – Small- and medium-sized companies may be more vulnerable to adverse business or economic events than stocks of larger companies. These stocks present greater risks than securities of larger, more diversified companies.
- **Value Style Investing Risk** – The Adviser follows an investing style that favors value investments. The value investing style may over time go in and out of favor. At times when the value investing style is out of favor, the Fund may underperform other funds that use different investing styles.

If you are looking for current income or short-term market gain, you should not invest in the Fund as it is designed for long-term investing.

Performance. The bar chart illustrates the risks of investing in the Fund by showing how the Fund’s average annual returns for each calendar year since the Fund’s inception compare with those of a broad measure of market performance. The Average Annual Total Returns table also demonstrates these risks by showing how the Fund’s average annual returns compare with those of a broad measure of market performance. Remember, the Fund’s past performance, before and after taxes, is not necessarily an indication of how the Fund will perform in the future. Updated performance information is available on the Fund’s website at www.alfrankfunds.com or by calling the Fund toll-free at 1-888-263-6443.

During the period of time shown in the bar chart, the Fund’s highest quarterly return was 17.92% for the quarter ended December 31, 2020, and the lowest quarterly return was -27.60% for the quarter ended March 31, 2020.

Average Annual Total Returns for the periods ended December 31, 2025

	One Year	Five Year	Ten Year	Since Inception⁽¹⁾
Advisor Class⁽¹⁾				
Return Before Taxes	23.54%	11.54%	11.68%	10.63%
Return After Taxes on Distributions	21.18%	9.57%	9.69%	9.30%
Return After Taxes on Distributions and Sale of Fund Shares	15.60%	8.86%	9.12%	9.00%
S&P 500 Total Return Index (reflects no deduction for fees, expenses or taxes)	17.88%	14.42%	14.82%	9.17%
Russell 3000 Total Return Index (reflects no deduction for fees, expenses or taxes)	17.15%	13.15%	14.29%	9.14%
Russell 3000 Value Total Return Index[®] (reflects no deduction for fees, expenses or taxes)	15.71%	11.18%	10.46%	7.95%

(1) Advisor Class shares of the Predecessor Fund commenced operations on April 30, 2006. Performance shown prior to the inception of the Advisor Class reflects the performance of the Fund’s former Investor Class shares and adjusted to reflect the lower operating expenses of Advisor Class shares. Unadjusted Investor Class performance would have been lower.

The after-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor’s tax situation and may differ from those shown, and after-tax returns are not relevant to investors who hold shares of the Fund through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts (“IRAs”).

The Return after Taxes on Distributions and Sale of Fund Shares is higher than other return figures when a capital loss occurs upon the redemption of Fund shares.

The S&P 500[®] is widely regarded as the best single gauge of large-cap U.S. equities. There is over USD 7 trillion benchmarked to the index, with index assets comprising approximately USD 1.9 trillion of this total. The index includes 500 leading companies and captures approximately 80% coverage of available market capitalization.

The Russell 3000 Total Return Index measures the performance of the largest 3000 U.S. companies. It is constructed to provide a comprehensive, unbiased, and stable barometer of the broad market and is reconstituted annually to ensure new and growing equities are reflected.

The Russell 3000 Value Total Return Index measures the performance of the largest 3,000 U.S. companies representing approximately 98% of the investable U.S. equity market. The Russell 3000 Index is constructed to provide a comprehensive, unbiased and stable barometer of the broad market and is completely reconstituted annually to ensure new and growing equities are reflected.

Investment Adviser. Focus Partners Wealth, LLC serves as the Fund’s investment adviser (the “Adviser”).

Portfolio Manager. Mr. Robert Schundler, Director of Research of the Adviser, is the portfolio manager of the Fund. Mr. Schundler has been a portfolio manager of the Fund since April 2026.

Purchase and Sale of Fund Shares. You may conduct transactions by overnight mail to the AI Frank Fund, c/o Ultimus Fund Solutions, LLC, 225 Pictoria Drive, Suite 450, Cincinnati, OH 45246 or by regular mail to P.O. Box 46707, Cincinnati, OH 45246-0707, or by telephone at 1-888-263-6443. Investors who wish to purchase or redeem Fund shares through a financial intermediary should contact the financial intermediary directly. The minimum initial investment in the Fund is \$1,000, with a minimum subsequent investment of \$100, although the Fund reserves the right to waive minimum initial investment or minimum subsequent investment requirements in its sole discretion.

Tax Information. The Fund’s distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account.

Payments to Broker-Dealers and Other Financial Intermediaries. If you purchase Fund shares through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

Investment Strategies, Related Risks and Disclosure of Portfolio Holdings

Principal Investment Strategies of the Fund

Under normal market conditions, the Adviser selects equity securities of companies of any size for the Fund's portfolio that it believes are out of favor and undervalued (*i.e.*, those trading for low fundamental valuations relative to what the Adviser thinks their businesses will be worth over the next five years). The Adviser then attempts to purchase the securities and hold them until it believes that the securities have reached their fair value.

To earn additional income, the Fund, through its agent, may lend its portfolio securities to broker-dealers amounting to no more than 33-1/3% of the total assets of the Fund (including any collateral posted) or 50% of the total assets of the Fund (excluding any collateral posted). When the Fund loans its portfolio securities, it will receive collateral equal to at least 102% of the value of the loaned securities.

The Adviser selects equity securities consisting of common stocks and securities having the characteristics of common stocks. The Fund may also invest in foreign securities, provided that they are publicly traded in the United States, including in ADRs. The Adviser screens a universe of more than 6,000 stocks in order to identify those with a dividend paying history, low price-to-earnings ratios, price-to-book values, and price-to-revenues ratios relative to its historical norms, its industry peers or the overall market. The Fund's portfolio seeks broad diversification via exposure to a significant number of major market sectors and industry groups. The Adviser employs a go-anywhere style focused on uncovering undervalued stocks independent of market capitalization. Stock selection is driven by bottom-up fundamental analysis in the context of macroeconomic and industry data. The Adviser distills company fundamentals and growth prospects into earnings and cash flow estimates applied against a determination of fair-value multiples to arrive at target prices. Stocks with significant appreciation potential relative to these target prices and perceived risk characteristics become available for selection.

The Adviser may sell positions as they reach or approach their target price, if a lower target price results from a reassessment of earnings or valuation multiples, or if a more attractive stock is identified.

Temporary Defensive Investment Strategies

For temporary defensive purposes, the Adviser may invest without limit in high-quality, short-term debt securities and money market instruments. These short-term debt securities and money market instruments include shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities and repurchase agreements. Taking a temporary defensive position may result in the Fund not achieving its investment objectives. Furthermore, to the extent that the Fund invests in money market mutual funds for its cash position, there will be some duplication of expenses because the Fund would bear its pro rata portion of such money market funds' management fees and operational expenses.

Principal Risks of Investing in the Fund

The principal risks of investing in the Fund that may adversely affect the Fund's net asset values ("NAV") or total returns have previously been summarized under the Fund's "Summary Section." These risks are discussed in more detail below.

Equity Risk. The risks that could affect the value of the Fund's shares and the total return on your investment include the possibility that the equity securities held in the Fund's portfolios may experience sudden, unpredictable drops in value or long periods of decline in value. This may occur because of factors that affect the securities market in general, such as adverse changes in economic conditions, the general outlook for corporate earnings, interest rates or investor sentiment. Equity securities may also lose value because of factors affecting an entire industry or sector, such as increases in production costs, or factors directly related to a specific company, such as decisions made by its management. This risk is greater for small- and medium-sized companies, which tend to be more vulnerable to adverse developments than larger companies.

Foreign Securities Risk. The Fund may also invest in foreign securities, including ADRs, which may be subject to special risks not usually associated with owning securities of U.S. issuers. The Fund's return and NAV may be affected by several factors, including those described below.

Foreign securities are also subject to higher political, social and economic risks. These risks include, but are not limited to, a downturn in the country's economy, excessive taxation, political instability, and expropriation of assets by foreign governments. Compared to the U.S., foreign governments and markets often have less stringent accounting, disclosure, and financial reporting requirements.

Foreign securities can be more volatile than domestic (U.S.) securities. Securities markets of other countries are generally smaller than U.S. securities markets. Many foreign securities may be less liquid and more volatile than U.S. securities, which could affect the Fund's investments. The exchange rates between the U.S. dollar and foreign currencies might fluctuate, which could negatively affect the value of the Fund's investments.

General Market Risk. The Fund is designed for long-term investors who can accept the risks of investing in a portfolio with significant common stock holdings. Common stocks tend to be more volatile than other investment choices such as bonds and money market instruments. The value of the Fund's shares will fluctuate due to the movement of the overall stock market or the value of the individual securities held by the Fund. Domestic and foreign economic growth and market conditions, interest rate levels, political events, terrorism, war, natural disasters, disease/virus epidemics, tariffs, trade disputes and other events are among the factors affecting the securities markets in which the Fund invests. There is risk that these and other factors may adversely affect the Fund's performance. These events could reduce consumer demand or economic output, result in market closure, travel restrictions or quarantines, and generally have a significant impact on the economy. These events could also impair the information technology and other operational systems upon which the Fund's service providers, including the Advisor, rely, and could otherwise disrupt the ability of employees of the Fund's service providers to perform essential tasks on behalf of the Fund. Governmental and quasi-governmental authorities and regulators throughout the world have in the past responded to major economic disruptions with a variety of significant fiscal and monetary policy changes, including but not limited to, direct capital infusions into companies, new monetary programs and dramatically lower interest rates. An unexpected or quick reversal of these policies, or the ineffectiveness of these policies, could increase volatility in securities markets, which could adversely affect the Fund's investments. In addition, global economies and financial markets are increasingly interconnected, which increases the possibility that conditions in one country or region might adversely impact issuers in a different country or region. In particular, a rise in protectionist trade policies, slowing global economic growth, the risk of trade disputes, and the possibility of changes to some international trade agreements, could affect the economies of many nations, including the United States. You should consider your own investment goals, time horizon, and risk tolerance before investing in the Fund. An investment in the Fund may not be appropriate for all investors and is not intended to be a complete investment program. An investment in the Fund is not a deposit in the bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. You may lose money by investing in the Fund.

Management Risk. The skill of the Adviser will play a significant role in the Fund's ability to achieve their investment objectives. The Fund's ability to achieve its investment objective depends on the ability of the Adviser to correctly identify economic trends, especially with regard to accurately forecasting inflationary and deflationary periods. In addition, the Fund's ability to achieve its investment objective depends on the Adviser's ability to select stocks, particularly in volatile stock markets. The Adviser could be incorrect in its analysis of industries, companies and the relative attractiveness of growth and value stocks and other matters.

Small- and Medium-Sized Companies Risk. Investing in securities of small- and medium-sized companies may involve greater volatility than investing in larger and more established companies, because they can be subject to more abrupt or erratic share price changes than larger, more established companies. Smaller companies may have limited product lines, markets or financial resources and their management may be dependent on a limited number of key individuals. Securities of those companies may have limited market liquidity, and their prices may be more volatile.

Securities Lending Risk. When the Fund loans its portfolio securities, it will receive collateral consisting of cash or cash equivalents, securities issued or guaranteed by the U.S. Government or one of its agencies or instrumentalities, an irrevocable bank letter of credit, or any combination thereof. Nevertheless, the Fund risks a delay in the recovery of the loaned securities, or even the loss of rights in the collateral deposited by the borrower if the borrower should fail financially. In addition, if the Fund's securities are sold while out on loan and the securities are not returned timely by the borrower, there is a possibility that the sale transaction will not settle in the usual manner and cause unintended market exposure and additional trade and other expenses to the Fund. As well, any investments made with the collateral received are subject to the risks associated with such investments. If such investments lose value, the Fund will have to cover the loss when repaying the collateral.

Value Style Investing Risk. Value stocks can perform differently from the market as a whole and from other types of stocks. Value stocks may be purchased based upon the belief that a given security may be out of favor. Value investing seeks to identify stocks that have depressed valuations, based upon a number of factors which are thought to be temporary in nature, and to sell them at superior profits when their prices rise in response to resolution of the issues which caused the valuation of the stock to be depressed. While certain value stocks may increase in value more quickly during periods of anticipated economic upturn, they may also lose value more quickly in periods of anticipated economic downturn. Furthermore, there is the risk that the factors which caused the depressed valuations are longer term or even permanent in nature, and that there will not be any rise in valuation. Finally, there is the increased risk in such situations that such companies may not have sufficient resources to continue as ongoing businesses, which would result in the stock of such companies potentially becoming worthless.

Other Risks

Operational and Cybersecurity Risk. Fund operations, including business, financial, accounting, data processing systems or other operating systems and facilities may be disrupted, disabled or damaged as a result of a number of factors, including events that are wholly or partially beyond our control. For example, there could be electrical or telecommunications outages; degradation or loss of internet or web services; natural disasters, such as earthquakes, tornadoes and hurricanes; disease pandemics; or events arising from local or larger scale political or social events, as well as terrorist acts.

The Fund is also subject to the risk of potential cyber incidents, which may include, but are not limited to, the harming of or unauthorized access to digital systems (for example, through "hacking" or infection by computer viruses or other malicious software code), denial-of-service attacks on websites, and the inadvertent or intentional release of confidential or proprietary information. Cyber incidents may, among other things, harm Fund operations, result in financial losses to the Fund and its shareholders, cause the release of confidential or highly restricted information, and result in regulatory penalties, reputational damage, and/or increased compliance, reimbursement or other compensation costs. Fund operations that may be disrupted or halted due to a cyber incident include trading, the processing of shareholder transactions, and the calculation of the Fund's net asset value.

Issues affecting operating systems and facilities through cyber incidents, any of the scenarios described above, or other factors, may harm the Fund by affecting the Adviser, or other service providers, or issuers of securities in which the Fund invests. Although the Fund has business continuity plans and other safeguards in place, including what the Fund believes to be robust information security procedures and controls, there is no guarantee that these measures will prevent cyber incidents or prevent or ameliorate the effects of significant and widespread disruption to our physical infrastructure or operating systems. Furthermore, the Fund cannot directly control the security or other measures taken by unaffiliated service providers or the issuers of securities in which the Fund invests. Such risks at issuers of securities in which the Fund invests could result in material adverse consequences for such issuers and may cause the Fund's investment in such securities to lose value.

Portfolio Holdings Information

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio holdings is available in the Fund's SAI. Currently, disclosure of the Fund's holdings is required to be made quarterly within 60 days of the end of each fiscal quarter in the annual and semi-annual reports to Fund shareholders and in the quarterly holdings report on Form N-PORT. The annual and semi-annual reports for the Fund are available by contacting the Fund, c/o Ultimus Fund Solutions, LLC, 4221 North 203rd Street, Suite 100, Elkhorn, NE 68022 or calling 1-888-263-6443.

Management of the Fund

The Adviser

The Adviser, Focus Partners Wealth, LLC, 190 Carondelet Plaza, Suite 600, St. Louis, MO 63105 has been registered with the SEC since December 7, 2011 and provides wealth advisory services to individuals, families, qualified retirement plans, institutions, and businesses. As of December 31, 2025, the Adviser had assets under management of approximately \$181 billion. The Adviser is also the Editor of *The Prudent Speculator*, a nationally known investment newsletter that has been in circulation since 1977. The Adviser is a wholly owned subsidiary of Focus Operating, LLC, which is a wholly owned subsidiary of Focus Financial Partners, LLC.

Prior to January 1, 2026, the Fund's investment adviser was Kovitz Group Partners, LLC ("Kovitz"). On January 1, 2026, Kovitz, a wholly-owned indirect subsidiary of Focus Partners, reorganized into the Adviser, a fellow indirect wholly-owned subsidiary of Focus Partners.

The Fund has entered into an Investment Advisory Agreement ("Advisory Agreement") with the Adviser under which the Adviser manages the Fund's investments subject to the supervision of the Board of Trustees. Under the Advisory Agreement, the Fund compensates the Adviser for its investment advisory services at the annual rate of 1.00% of the Fund's average daily net assets, payable on a monthly basis.

Fund Expenses. The Fund is responsible for its own operating expenses. Pursuant to an operating expense limitation agreement between the Adviser and the Fund, the Adviser has agreed to reduce its management fees and/or pay expenses of the Fund to ensure that the total amount of Fund operating (excluding any front-end or contingent deferred loads, brokerage fees and commissions, acquired fund fees and expenses, borrowing costs (such as interest and dividend expense on securities sold short), taxes and extraordinary expenses such as litigation) do not exceed 1.24% of the Fund's average net assets for Advisor Class shares through April 30, 2027, subject thereafter to annual re-approval of the agreement by the Board of Trustees. The Adviser is permitted to receive reimbursement from the Fund for fees it waived and Fund expenses it paid, subject to the limitation that: (1) the reimbursement for fees and expenses will be made only if payable within three years from the date the fees and expenses were initially waived or reimbursed; and (2) the reimbursement may not be made if it would cause the expense limitation in effect at the time of the waiver or currently in effect, whichever is lower, to be exceeded. The Fund must pay its current ordinary operating expenses before the Adviser is entitled to any reimbursement of management fees and/or expenses. This Operating Expense Limitation Agreement can be terminated only by, or with the consent, of the Board of Trustees. For the fiscal period ended December 31, 2025 the Adviser received an annual advisory fee net of fee waivers and expense reimbursements equal to 0.76% of the Fund's average daily net assets.

A discussion regarding the basis for the Board of Trustees' approval of the Advisory Agreement is available in the Fund's annual report to shareholders dated December 31, 2025.

Portfolio Managers

The Fund's portfolio manager is Robert Schundler. Mr. Schundler is principally responsible for the day-to-day management of the Fund's portfolio. He is supported by an investment committee. Mr. Schundler joined the Adviser in 2005. Mr. Schundler has more than 20 years of experience in the industry comprising different roles within the investment management space. Mr. Schundler received a Bachelor of Arts degree from Cornell University and a Masters of Business Administration from Boston College. Mr. Schundler holds the Chartered Financial Analyst® designation and is a member of the CFA Institute and the Boston Security Analysts Society.

The SAI provides additional information about each portfolio manager's compensation, other accounts managed and ownership of securities in the Fund.

Shareholder Information

Advisor Class Shares

Advisor Class shares may be purchased without the imposition of any sales charges. Advisor Class shares may also be offered through certain financial intermediaries (including broker-dealers) and their agents in fee based and other programs. In these programs financial intermediaries have made arrangements with the Fund and are authorized to buy and sell shares of the Fund that charge their customers transaction or other distribution or service fees with respect to their customers' investments in the Fund. Advisor Class shares are sold at NAV without an initial sales charge, and are not subject to 12b-1 distribution fees. The minimum initial investment in Advisor Class shares of the Fund is \$1,000. The minimum subsequent investment in Advisor Class shares of the Fund is \$100.

Share Price

Shares of the Fund are sold at net asset value ("NAV"). The NAV of the Fund is determined at the close of regular trading on the New York Stock Exchange (normally 4:00 p.m. Eastern Time) on each day the New York Stock Exchange ("NYSE") is open for business. NAV is computed by determining, on a per class basis, the aggregate market value of all assets of the Fund, less its liabilities, divided by the total number of shares outstanding $((\text{assets-liabilities})/\text{number of shares} = \text{NAV})$. The NYSE is closed on weekends and New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The NAV takes into account, on a per class basis, the expenses and fees of the Fund, including management, administration, and distribution fees, which are accrued daily. The determination of NAV for a share class for a particular day is applicable to all applications for the purchase of shares, as well as all requests for the redemption of shares, received by the Fund (or an authorized broker or agent, or its authorized designee) before the close of trading on the NYSE on that day.

Generally, the Fund's securities listed on an exchange are valued each day at the last quoted sales price on each security's primary exchange. Securities traded or dealt in upon one or more securities exchanges (whether domestic or foreign) for which market quotations are readily available and not subject to restrictions against resale shall be valued at the last quoted sales price on the primary exchange or, in the absence of a sale on the primary exchange, at the mean between the current bid ask prices on such exchanges. Securities primarily traded in the National Association of Securities Dealers' Automated Quotation System ("NASDAQ") National Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price. Securities that are not traded or dealt in any securities exchange (whether domestic or foreign) and for which over-the-counter market quotations are readily available generally shall be valued at the last sale price or, in the absence of a sale, at the mean between the current bid and ask price on such over-the-counter market. Debt securities not traded on an exchange may be valued at prices supplied by a pricing agent(s) based on broker or dealer supplied valuations or matrix pricing, a method of valuing securities by reference to the value of other securities with similar characteristics, such as rating, interest rate and maturity.

If market quotations are not readily available, securities will be valued at their fair market value as determined using the "fair value" procedures approved by the Board. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security may be materially different from the value that could be realized upon the sale of that security. The fair value prices can differ from market prices when they become available or when a price becomes available. The Board appointed the Adviser as its designee (the "Valuation Designee") for all fair value determinations and responsibilities other than overseeing pricing service providers used by the Trust. This designation is subject to Board oversight and certain reporting and other requirements designed to facilitate the Board's ability to oversee the Valuation Designee's fair value determinations effectively. The team may also enlist third party consultants such as an audit firm or financial officer of a security issuer on an as-needed basis to assist in determining a security-specific fair value. The Board is responsible for reviewing and approving fair value methodologies utilized by the Valuation Designee, which approval shall be based upon whether the Valuation Designee followed the valuation procedures established by the Board.

The Fund may use independent pricing services to assist in calculating the value of the Fund's securities. In addition, market prices for foreign securities are not determined at the same time of day as the NAV for the Fund. Because the Fund may invest in underlying ETFs which hold portfolio securities primarily listed on foreign exchanges, and these exchanges may trade on weekends or other days when the underlying ETFs do not price their shares, the value of some of the Fund's portfolio securities may change on days when you may not be able to buy or sell Fund shares.

In computing the NAV, the Fund values foreign securities held by the Fund at the latest closing price on the exchange in which they are traded immediately prior to closing of the NYSE. Prices of foreign securities quoted in foreign currencies are translated into U.S. dollars at current rates. If events materially affecting the value of a security in the Fund's portfolio, particularly foreign securities, occur after the close of trading on a foreign market but before the Fund prices its shares, the security will be valued at fair value. For example, if trading in a portfolio security is halted and does not resume before the Fund calculates its NAV, the Advisor may need to price the security using the Fund's fair value pricing guidelines. The determination of fair value involves subjective judgments. As a result, using fair value to price a security may result in a price materially different from the prices used by other mutual funds to determine net asset value, or from the price that may be realized upon the actual sale of the security.

With respect to any portion of the Fund's assets that are invested in one or more open-end management investment companies registered under the 1940 Act, the Fund's net asset value is calculated based upon the net asset values of those open-end management investment companies, and the prospectuses for these companies explain the circumstances under which those companies will use fair value pricing and the effects of using fair value pricing.

How to Purchase Shares

Each share in the Fund represents an interest in the same portfolio of investments in the Fund. Advisor Class shares may not be available for purchase in all states.

Purchase Requests in Good Order. A purchase request will be considered to be in "good order" only if it includes all of the following:

- A completed and signed account application (for new accounts).
- The exact dollar amount of the investment.
- For existing accounts, the account number and the name(s) exactly as registered on the account.
- Payment in U.S. dollars, payable to the Fund.
- Any documentation reasonably required by the Fund or its transfer agent to verify the identity or authority of the purchaser, if applicable.

Requests that are incomplete, unclear, or submitted without the required documentation may be delayed or rejected. The Fund and its transfer agent are not responsible for delays or losses due to requests that are not received in good order.

Purchase by Mail. To purchase the Fund's shares, simply complete and sign the Account Application and mail it, along with a check made payable to the "Al Frank Fund" to:

via regular mail to:
Al Frank Fund
c/o Ultimus Fund Solutions, LLC
P.O. Box 46707
Cincinnati, OH 45246

or via overnight mail to:
Al Frank Fund
c/o Ultimus Fund Solutions, LLC
225 Pictoria Drive, Suite 450
Cincinnati, OH 45246

Purchase through Brokers. You may invest in the Fund through brokers or agents who have entered into selling agreements with the Fund's distributor. The brokers and agents are authorized to receive purchase and redemption orders on behalf of the Fund. The Fund will be deemed to have received a purchase or redemption order when an authorized broker or its designee receives the order. The broker or agent may set their own initial and subsequent investment minimums. You may be charged a fee if you use a broker or agent to buy or redeem shares of the Fund. Finally, various servicing agents use procedures and impose restrictions that may be in addition to, or different from those applicable to investors purchasing shares directly from the Fund. You should carefully read the program materials provided to you by your servicing agent. Such brokers are authorized to designate other intermediaries to receive purchase and redemption orders on the Fund's behalf. Advisor Class shares may also be available on brokerage platforms of firms that have agreements with the Fund's distributor to offer such shares solely when acting as an agent for the investor. An investor transacting in Advisor Class shares in these programs may be required to pay a commission and/or other forms of compensation to the broker.

Purchase by Wire. If you wish to wire money to make an investment in the Fund, please call the Fund at 1-888-263-6443, for wiring instructions and to notify the Fund that a wire transfer is coming. Any commercial bank can transfer same-day funds via wire. The Fund will normally accept wired funds for investment on the day received if they are received by the Fund's designated bank before the close of regular trading on the NYSE. Your bank may charge you a fee for wiring same-day funds.

Automated Clearing House (ACH) Purchase. Shareholders may purchase shares of the Fund through the Automated Clearing House ("ACH") network from a U.S. domestic bank or other U.S. domestic financial institution. All payments must be made in U.S. dollars.

Initial and Subsequent Purchases by ACH.

ACH may be used for both initial and subsequent investments. To establish ACH instructions, shareholders must provide the required banking information on the Account Application (or other documentation acceptable to the Fund or its transfer agent).

Bank Account Requirements.

The designated bank account must be maintained at a U.S. domestic financial institution. The name(s) and registration on the bank account must exactly match the name(s) and registration on the Fund account. The bank account must be owned and controlled by the shareholder(s). ACH transfers initiated from a third-party bank account will not be accepted.

Redemption Proceeds and Security Procedures.

For shareholder protection, the Fund generally will not transmit redemption proceeds electronically to a bank account of record that has been added or changed within the last 30 calendar days. In such cases, redemption proceeds may be paid only if the shareholder either (i) submits a written request with a Medallion Signature Guarantee ("MSG") (as described in the "Medallion Signature Guarantee" section) or (ii) requests payment by check mailed to the address of record. The Fund or its transfer agent may impose additional verification or security procedures from time to time.

Right to Reject / Good Order

The Fund and its transfer agent reserve the right to reject any ACH purchase request that is not received in "good order." A request is in "good order" when all required information, authorizations, and documentation have been received in proper form and are acceptable to the Fund or its transfer agent

Shares purchased by ACH will not be available for redemption until the transactions have cleared. Shares purchased via ACH transfer may take up to 15 days to clear.

Automatic Investment Plan.

Shareholders may purchase shares through an Automatic Investment Plan ("AIP"), which provides for regular, periodic purchases in accordance with the shareholder's instructions and the transfer agent's procedures. With the shareholder's authorization, the transfer agent will process AIP purchases in the amount and frequency selected by the shareholder. There is no minimum investment amount required to participate in the AIP. Shareholders may change or terminate AIP instructions at any time by contacting the transfer agent. Only bank accounts maintained at U.S. financial institutions may be used. The Fund and/or the transfer agent may modify, suspend, or terminate the AIP at any time.

The Fund, however, reserves the right, in its sole discretion, to reject any application to purchase shares. Applications will not be accepted unless they are accompanied by a check drawn on a U.S. bank, thrift institutions, or credit union in U.S. funds for the full amount of the shares to be purchased. After you open an account, you may purchase additional shares by sending a check together with written instructions stating the name(s) on the account and the account number, to the above address. Make all checks payable to **"Al Frank Fund"**. The Fund will not accept payment in cash, third party checks (except for properly endorsed IRA rollover checks), counter checks, starter checks, traveler's checks, money orders, credit card checks, and checks drawn on non-U.S. financial institutions will not be accepted. Cashier's checks, bank official checks, and bank money orders are reviewed on a case-by-case basis and may be accepted under certain circumstances. In such cases, a 15-business day hold will be applied to the funds (which means that you may not redeem your shares until the holding period has expired). Redemptions of shares of the Fund purchased by check may be subject to a hold period until the check has been cleared by the issuing bank. To avoid such holding periods, shares may be purchased through a broker or by wire, as described in this section.

Note: Ultimus Fund Solutions, LLC, the Fund's transfer agent, will charge a \$25 fee against a shareholder's account, in addition to any loss sustained by the Fund, for any check or electronic payment returned to the transfer agent for insufficient funds.

Anti-Money Laundering Program. The USA PATRIOT Act requires financial institutions, including the Fund, to adopt certain policies and programs to prevent money-laundering activities, including procedures to verify the identity of customers opening new accounts. As requested on the application, you should supply your full name, date of birth, social security number and permanent street address. Mailing addresses containing a P.O. Box will not be accepted. This information will assist the Fund in verifying your identity. Until such verification is made, the Fund may temporarily limit additional share purchases. In addition, the Fund may limit additional share purchases or close an account if it is unable to verify a shareholder's identity. As required by law, the Fund may employ various procedures, such as comparing the information to fraud databases or requesting additional information or documentation from you, to ensure that the information supplied by you is correct.

In order to ensure compliance with these laws, the Account Application asks for, among other things, the following information for all "customers" seeking to open an "account" (as those terms are defined in rules adopted pursuant to the USA PATRIOT Act):

- full name;
- date of birth (individuals only);
- Social Security or taxpayer identification number; and
- permanent street address (P.O. Box only is not acceptable).

Accounts opened by entities, such as corporations, limited liability companies, partnerships or trusts, will require additional documentation.

Please note that if any information listed above is missing, your Account Application will be returned and your account will not be opened. In compliance with the USA PATRIOT Act and other applicable anti-money laundering laws and regulations, the Transfer Agent will verify the information on your application as part of the Program. The Fund reserves the right to request additional clarifying information and may close your account if such clarifying information is not received by the Fund within a reasonable time of the request or if the Fund cannot form a reasonable belief as to the true identity of a customer. If you require additional assistance when completing your Account Application, please contact the Transfer Agent at 1-888-263-6443.

Lost Shareholders, Inactive Accounts and Unclaimed Property. Unclaimed property laws may require the Fund or its transfer agent to transfer the assets of accounts that are considered abandoned, inactive, or lost (due to returned mail) to the appropriate state authority. An account may be deemed unclaimed if the shareholder has not initiated any contact or transaction within a time period specified by applicable state law.

Before any transfer to the state is made, the Fund or its transfer agent will send a due diligence notice to the shareholder, if legislatively required.

In some cases, this process is referred to as escheatment, and shareholders may be required to reclaim the assets from the applicable state's unclaimed property office. Some states may also require the liquidation of shares prior to escheatment, and shareholders may only be entitled to receive the cash value at the time of sale.

For retirement accounts, such escheatment may be treated as a taxable distribution, and federal and/or state income tax withholding may apply.

To help avoid escheatment, shareholders should maintain current contact information and periodically initiate contact with the Fund or its transfer agent. Examples of shareholder-initiated contact include written correspondence, telephone inquiries, or initiating a transaction in the account.

In accordance with Texas law, residents of the state of Texas may designate a representative to receive legislatively required unclaimed property due diligence notifications. A Texas Designation of Representative Form is available for making such an election.

How to Redeem Shares

The Fund typically expects that it will take up to 7 days following the receipt of your redemption request to pay out redemptions from cash, cash equivalents, proceeds from the sale of Fund shares, any line of credit, and then from the sale of portfolio securities. These redemption payment methods will be used in regular and stressed market conditions.

You may redeem all or any portion of the shares credited to your account by submitting a written request for redemption to:

<u>via regular mail to:</u>	<u>or via overnight mail to:</u>
Al Frank Fund	Al Frank Fund
c/o Ultimus Fund Solutions, LLC	c/o Ultimus Fund Solutions, LLC
P.O. Box 46707	225 Pictoria Drive, Suite 450
Cincinnati, OH 45246	Cincinnati, OH 45246

Telephone Transactions. You may purchase, exchange, or redeem Fund shares by calling 1-888-263-6443. Telephone transaction privileges are automatically available for new accounts unless you decline them on your account application or later revoke them by written instruction to the Fund or its Transfer Agent.

Telephone instructions, if received in good order before the applicable cut-off time, will be processed at the Fund's next determined net asset value ("NAV"). Redemption proceeds will be sent promptly to your address of record by check or to your bank account of record by ACH or wire transfer. Telephone redemptions are generally limited to \$50,000 per account. Requests for amounts above this limit must be submitted in writing and must include a Medallion Signature Guarantee.

During periods of heavy market activity or other unusual conditions, you may experience difficulty reaching the Fund or its Transfer Agent. Please allow additional time to place your transaction. The Fund or its Transfer Agent will not be held liable for any loss if you are unable to reach them to confirm a telephone transaction.

The Fund and its Transfer Agent use reasonable procedures to verify the authenticity of telephone instructions. These may include requiring an account number, a personal identification number (PIN) if applicable, recording of calls, and/or written confirmations. If these procedures are followed, neither the Fund nor its Transfer Agent will be responsible for any loss, liability, cost, or expense arising from unauthorized or fraudulent telephone instructions.

If you own an IRA, you will be asked to make an election regarding federal income tax withholding at the time of a redemption.

For your protection, telephone redemptions may be restricted for 30 days following a change of address or banking information. The Fund may also require a signature guarantee or other documentation for certain transactions.

The Fund reserves the right to modify, suspend, or terminate the telephone transaction privilege at any time, with or without notice.

Redemptions through Broker: If shares of the Fund are held by a broker-dealer, financial institution or other servicing agent, you must contact that servicing agent to redeem shares of the Fund. The servicing agent may charge a fee for this service.

Redemptions by Wire: You may request that your redemption proceeds be wired directly to your bank account. The Fund's transfer agent imposes a \$15 fee for each wire redemption and deducts the fee directly from your account. Your bank may also impose a fee for the incoming wire.

Systematic Withdrawal Plan ("SWP"). Shareholders may redeem shares through a Systematic Withdrawal Plan ("SWP"), which provides for regular, periodic redemptions in accordance with the shareholder's instructions and the transfer agent's procedures. With the shareholder's authorization, the transfer agent will process SWP redemptions in the amount and frequency selected by the shareholder. Shareholders may change or terminate SWP instructions at any time by contacting the transfer agent. The Fund and/or the transfer agent may modify, suspend, or terminate the SWP at any time.

Redemptions in Kind: The Fund reserves the right to honor requests for redemption or repurchase orders made by a shareholder during any 90-day period by making payment in whole or in part in portfolio securities (“redemption in kind”) if the amount of such a request is large enough to affect operations (if the request is greater than the lesser of \$250,000 or 1% of the Fund’s net assets at the beginning of the 90-day period). The securities will be chosen by the Fund and valued using the same procedures as used in calculating the Fund’s NAV. A shareholder may incur transaction expenses in converting these securities to cash and securities redeemed in-kind remain at the risk of the market until they are sold and the shareholder will bear market risk until the securities are converted to cash.

Redemption Requests in Good Order: Once the Fund receives your redemption request in “good order” as described below, it will issue a check based on the next determined NAV following your redemption request. The redemption proceeds normally will be sent by mail or by wire within three business days after receipt of a request in “good order.” If you purchase shares using a check and soon after request a redemption, your redemption proceeds will not be sent until the check used for your purchase has cleared your bank.

Good Order

- The name of the Fund and the account number;
- The exact dollar amount or number of shares to be redeemed;
- The name(s) of the registered account owner(s), exactly as they appear on the account;
- Signature(s) of all registered owner(s);
- Any required signature guarantee or medallion signature guarantee, if applicable;
- Any documentation reasonably required by the Fund or its transfer agent to verify the identity or authority of the person(s) requesting the redemption.

Medallion Signature Guarantee Requirements: To protect shareholders and the Fund from potential fraud, the Fund and/or its transfer agent (the “Transfer Agent”) may require a signature guarantee, including a Medallion Signature Guarantee (“MSG”), in certain circumstances. An MSG is a stamped certification from an eligible guarantor institution that verifies the authenticity of a signature and the authority and capacity of the person signing. The Fund and/or the Transfer Agent may require an MSG in situations including, but not limited to, the following:

- The redemption amount exceeds \$50,000 (or such other threshold as may be established by the Fund and/or the Transfer Agent);
- Proceeds are requested to be mailed to an address or sent to a bank account that was changed or added within the past 30 calendar days;
- Proceeds are requested to be made payable to a person or entity other than the registered account owner;
- Proceeds are requested to be sent to a financial institution account that is not in the shareholder’s name;
- The account registration or ownership is being changed;
- Instructions are submitted by mail with alternate delivery instructions, special handling, or other non-standard processing; or
- Any other circumstance in which the Fund or the Transfer Agent reasonably determines that additional documentation or verification is appropriate.

An MSG must be obtained from an eligible guarantor institution that participates in a recognized Medallion Signature Guarantee program (STAMP, SEMP, or MSP). These institutions typically include banks, savings associations, credit unions, and broker-dealers. A notary seal is not an acceptable substitute for an MSG. Shareholders should contact the Transfer Agent in advance if they are unsure whether an MSG will be required. The Fund and/or the Transfer Agent reserves the right, in its discretion, to waive or require an MSG and to reject any signature guarantee that it deems unacceptable.

An MSG must be obtained from an eligible guarantor institution that participates in a recognized Medallion Signature Guarantee program (STAMP, SEMP, or MSP). These institutions typically include banks, savings associations, credit unions, and broker-dealers. A notary seal is not an acceptable substitute for an MSG. Shareholders should contact the Transfer Agent in advance if they are unsure whether an MSG will be required. The Fund and/or the Transfer Agent reserves the right, in its discretion, to waive or require an MSG and to reject any signature guarantee that it deems unacceptable.

Federal and State Income Tax Withholding (IRAs and Other Retirement Accounts): Distributions from IRAs and other retirement accounts may be subject to federal income tax withholding and, where applicable, state income tax withholding. Federal income tax generally will be withheld from IRA distributions unless you elect otherwise on the applicable request form. If you do not make a withholding election, withholding will be applied in accordance with applicable law and IRS rules. State income tax withholding may also apply depending on your state of residence and applicable state law. Withholding is not a determination of your actual tax liability.

Low Balances: If at any time your account balance in the Fund falls below \$1,000, the Fund may notify you that, unless the account is brought up to at least \$1,000 within 60 days of the notice; your account could be closed. After the notice period, the Fund may redeem all of your shares and close your account by sending you a check to the address of record. Your account will not be closed if the account balance drops below required minimum due to a decline in NAV.

Account Statements and Transaction Confirmations: You will receive periodic account statements summarizing all account activity, including purchases, redemptions, exchanges, and any reinvested dividends or capital gains. Additionally, a transaction confirmation will be sent for each financial transaction that occurs in your account, except for those taking place on a recurring basis, such as through an automatic investment plan or for dividend and capital gain distributions. For recurring transactions, the details will appear on your periodic account statement, serving as confirmation for such activity. It is your responsibility to carefully review all transaction confirmations and account statements for accuracy immediately upon receipt. You must contact the Fund or its Transfer Agent in writing or by telephone promptly within 60 days of the date of the statement or confirmation that first reflects the disputed item. If you fail to provide timely notification within this 60-day period, you will be deemed to have ratified all account activity set forth therein, and the Fund and its agents will not be liable for any losses that may result from your failure to report the issue.

Uncashed Checks/ Automatic Div Cap Gain Reinvestment: If you elect to receive your dividend and capital gain distributions via check, ACH or wire, and the distribution amount is \$50 or less, then the amount will be automatically reinvested as additional shares into your account. For non-retirement and non-educational accounts, any dividend and capital gain distributions sent by check which are not cashed within 180 days will be reinvested into your account at the current day's NAV. When reinvested, those amounts are subject to market risk like any other investment. Your distribution option will automatically be converted to having all dividends and capital gain distributions reinvested into your account as additional shares if any of the following occur:

1. Postal or other delivery service is unable to deliver mail or checks to the address of record thereby designating your account as "lost";
2. Dividends and capital gain distributions checks are not cashed within 180 days; or
3. Bank account of record is no longer valid.

For non-retirement and non-educational accounts, redemption proceeds sent by check which are not cashed within 180 days will be reinvested into your account at the current day's NAV. When reinvested, redemption proceeds are subject to market risk like any other investment

For non-retirement and non-educational accounts, redemption proceeds sent by check which are not cashed within 180 days will be reinvested into your account at the current day's NAV. When reinvested, redemption proceeds are subject to market risk like any other investment.

Internet Transactions

To establish internet transaction privileges, you must enroll through the website. You automatically have the ability to establish internet transaction privileges unless you decline the privileges on your New Account Application or IRA Application. You will be required to enter into a user's agreement through the website in order to enroll in these privileges. To purchase shares through the website, you must also have ACH instructions on your account. Redemption proceeds may be sent to you by check to the address or record, or if your account has existing bank information, by wire or ACH. Only bank accounts held at domestic financial institutions that are ACH members can be used for transactions through the Fund's website. Transactions through the website are subject to the same minimums and maximums as other transaction methods. Please call 1-888-263-6443 for assistance with establishing online access.

You should be aware that the internet is an unsecured, unstable, unregulated and unpredictable environment. Your ability to use the website for transactions is dependent upon the internet and equipment, software, systems, data and services provided by various vendors and third parties. While the Fund and its service providers have established certain security procedures, the Fund, their distributor and their transfer agent cannot assure you that trading information will be completely secure.

There may also be delays, malfunctions, or other inconveniences generally associated with this medium. There also may be times when the website is unavailable for Fund transactions or other purposes. Should this happen, you should consider purchasing or redeeming shares by another method. Neither the Fund nor their transfer agent, distributor nor Advisor will be liable for any such delays or malfunctions or unauthorized interception or access to communications or account information.

Redemption Fee

The Fund will deduct a 2% redemption fee on the redemption amount if you sell your shares less than 60 days after purchase or shares held less than 60 days are redeemed for failure to maintain the Fund's balance minimum. See Low Balances for further information on account closure policy. Shares held longest will be treated as being redeemed first and shares held shortest as being redeemed last. Shares held for 60 days or more are not subject to the 2% fee.

Redemption fees are paid to the Fund directly and are designed to offset costs associated with fluctuations in Fund asset levels and cash flow caused by short-term shareholder trading.

Waivers of Redemption Fees: The Fund has elected not to impose the redemption fee for:

- Redemptions and exchanges of Fund shares acquired through the reinvestment of dividends and distributions;
- Certain types of redemptions and exchanges of Fund shares owned through participant-directed retirement plans;
- Redemptions or exchanges in discretionary asset allocation, fee based or wrap programs ("wrap programs") that are initiated by the sponsor/financial advisor as part of a periodic rebalancing;
- Redemptions or exchanges in a fee based or wrap program that are made as a result of a full withdrawal from the wrap program or as part of a systematic withdrawal plan;
- Involuntary redemptions, such as those resulting from a shareholder's failure to maintain a minimum investment in the Fund, or to pay shareholder fees; or
- Redemptions or exchanges due to the death or disability of a shareholder, pursuant to a qualified domestic relations order or divorce decree, or similar situations where the Fund, in its discretion, believes it is appropriate in the circumstances.

The Fund reserves the right to modify or eliminate the redemption fees or waivers at any time and will give shareholders 30 days' prior written notice of any material changes, unless otherwise provided by law. The redemption fee policy may be modified or amended in the future to reflect, among other factors, regulatory requirements mandated by the SEC.

Tools to Combat Frequent Transactions

The Fund discourages and does not accommodate market timing. Frequent trading into and out of the Fund can harm all Fund shareholders by disrupting the Fund's investment strategies, increasing Fund expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders. The Fund is designed for long-term investors and is not intended for market timing or other disruptive trading activities. Accordingly, the Board has approved policies that seek to curb these disruptive activities while recognizing that shareholders may have a legitimate need to adjust their Fund investments as their financial needs or circumstances change. The Fund currently uses several methods to reduce the risk of market timing. These methods include:

- Committing staff to review, on a continuing basis, recent trading activity in order to identify trading activity that may be contrary to the Fund's "Market Timing Trading Policy;"
- Rejecting or limiting specific purchase requests; and
- Charging a 2% redemption charge if shares are held less than 60 days.

Though these methods involve judgments that are inherently subjective and involve some selectivity in their application, the Fund seeks to make judgments and applications that are consistent with the interests of the Fund's shareholders.

The Fund reserves the right to reject or restrict purchase or exchange requests for any reason, particularly when the shareholder's trading activity suggests that the shareholder may be engaged in market timing or other disruptive trading activities. Neither the Fund nor the Adviser will be liable for any losses resulting from rejected purchase or exchange orders. The Adviser may also bar an investor who has violated these policies (and the investor's financial adviser) from opening new accounts with the Fund.

Although the Fund attempts to limit disruptive trading activities, some investors use a variety of strategies to hide their identities and their trading practices. There can be no guarantee that the Fund will be able to identify or limit these activities. Omnibus account arrangements are common forms of holding shares of the Fund. While the Fund will encourage financial intermediaries to apply the Fund's Market Timing Trading Policy to their customers who invest indirectly in the Fund, the Fund is limited in its ability to monitor the trading activity or enforce the Fund's Market Timing Trading Policy with respect to customers of financial intermediaries. For example, should it occur, the Fund may not be able to detect market timing that may be facilitated by financial intermediaries or made difficult to identify in the omnibus accounts used by those intermediaries for aggregated purchases, exchanges and redemptions on behalf of all their customers. More specifically, unless the financial intermediaries have the ability to apply the Fund's Market Timing Trading Policy to their customers through such methods as implementing short-term trading limitations or restrictions and monitoring trading activity for what might be market timing, the Fund may not be able to determine whether trading by customers of financial intermediaries is contrary to the Fund's Market Timing Trading Policy. Brokers maintaining omnibus accounts with the Fund have agreed to provide shareholder transaction information to the extent known to the broker to the Fund upon request. If the Fund or its transfer agent or shareholder servicing agent suspects there is market timing activity in the account, the Fund will seek full cooperation from the service provider maintaining the account to identify the underlying participant. At the request of the Adviser, the service providers may take immediate action to stop any further short-term trading by such participants.

Householding. To reduce expenses, the Fund mails only one copy of the Prospectus and each annual and semi-annual report to those addresses shared by two or more accounts. If you wish to receive individual copies of these documents, please call the Fund at 1-888-263-6443 on days the Fund is open for business or contact your financial institution. The Fund will begin sending you individual copies thirty days after receiving your request.

Shares of one Class of the Fund will not be exchangeable for shares of the other Class.

Distribution of Fund Shares

The Distributor

Northern Lights Distributors, LLC (the "Distributor") is located at 4221 North 203rd Street, Suite 100, Elkhorn, NE 68022, and serves as distributor and principal underwriter to the Fund. The Distributor is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). Shares of the Fund are offered on a continuous basis.

Additional Compensation to Financial Intermediaries

The distributor, its affiliates and the Adviser, out of its own resources, and without additional cost to the Fund or its shareholders, may provide additional cash payments or non-cash compensation to intermediaries who sell shares of the Fund. Such payments and compensation are in addition to service fees paid by the Fund, if any. These additional cash payments are generally made to intermediaries that provide shareholder servicing, marketing support and/or access to sales meetings, sales representatives and management representatives of the intermediary. Cash compensation may also be paid to intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list, in other sales programs or as an expense reimbursement in cases where the intermediary provides shareholder services to the Fund's shareholders. The Adviser may also pay cash compensation in the form of finder's fees that vary depending on the dollar amount of the shares sold.

Distributions and Taxes

Tax Status, Dividends and Distributions

Any sale or exchange of the Fund's shares may generate tax liability (unless you are a tax-exempt investor or your investment is in a qualified retirement account). When you redeem your shares you may realize a taxable gain or loss. This is measured by the difference between the proceeds of the sale and the tax basis for the shares you sold. (To aid in computing your tax basis, you generally should retain your account statements for the period that you hold shares in the Fund.)

Any dividends are declared and paid annually in December. Any capital gains are declared and paid annually, usually in December. Both distributions will be reinvested in shares of the Fund unless you elect to receive cash. Dividends from net investment income (including any excess of net short-term capital gain over net long-term capital loss) are taxable to investors as ordinary income, while distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss) are generally taxable as long-term capital gain, regardless of your holding period for the shares. Any dividends or capital gain distributions you receive from the Fund will normally be taxable to you when made, regardless of whether you reinvest dividends or capital gain distributions or receive them in cash. Certain dividends or distributions declared in October, November or December will be taxed to shareholders as if received in December if they are paid during the following January. Each year the Fund will inform you of the amount and type of your distributions. IRAs and other qualified retirement plans are exempt from federal income taxation until retirement proceeds are paid out to the participant.

Cost Basis Reporting: The Fund is required to report cost basis information to the IRS and to shareholders on Form 1099-B for redemptions of "covered shares," which are generally shares acquired on or after January 1, 2012. The Fund's default cost basis calculation method is Average Cost. This method will be applied to your account unless you affirmatively elect a different IRS-accepted method, such as First-In, First-Out (FIFO) or Specific Share Identification. You may make this election for future transactions by providing written instructions, contacting Shareholder Services at 1-855-580-0900, or through your online account portal, where available. Please note that, in accordance with IRS regulations, the cost basis method elected for the first redemption of covered shares cannot be changed after the settlement of the redemption. The cost basis method you select may have significant tax implications. The Fund is not authorized to provide tax advice. We strongly recommend you consult your tax advisor to determine which method is most suitable for your individual circumstances.

On the account application, you will be asked to certify that your social security number or taxpayer identification number is correct and that you are not subject to backup withholding for failing to report income to the IRS. If you are subject to backup withholding or you did not certify your taxpayer identification number, the IRS requires the Fund to withhold a percentage of any dividend, redemption or exchange proceeds. The Fund reserves the right to reject any application that does not include a certified social security or taxpayer identification number. If you do not have a social security number, you should indicate on the purchase form that your application to obtain a number is pending. The Fund is required to withhold taxes if a number is not delivered to the Fund within seven days.

This summary is not intended to be and should not be construed to be legal or tax advice. This summary is general in nature and should not be regarded as an exhaustive presentation of all possible tax ramifications. The tax considerations relevant to a specific shareholder depend upon its specific circumstances, and this summary does not attempt to discuss all potential tax considerations that could be relevant to a prospective shareholder with respect to the Fund or its investments. This general summary is based on the Internal Revenue Code of 1986, as amended (the “Code”), the Federal Income Tax Regulations promulgated thereunder, and administrative and judicial interpretations thereof as of the date hereof, all of which are subject to change (potentially on a retroactive basis). You should consult your own independent tax advisors to determine the tax consequences of owning the Fund’s shares.

Other Reporting and Withholding Requirements. Payments to a shareholder that is either a foreign financial institution (“FFI”) or a non-financial foreign entity (“NFFE”) within the meaning of the Foreign Account Tax Compliance Act (“FATCA”) may be subject to a 30% withholding tax on: (a) income and dividends paid by the Fund and (b) certain capital gain distributions and the gross proceeds arising from the sale of Fund shares paid by the Fund after December 31, 2018. FATCA withholding tax generally can be avoided: (a) by an FFI, subject to any applicable intergovernmental agreement or other exemption, if it either enters into a valid agreement with the IRS or otherwise complies with the specific requirements and provisions of an applicable intergovernmental agreement, in each case to, among other requirements, to collect and report required information about certain direct and indirect ownership of foreign financial accounts held by U.S. persons with the FFI and (b) by an NFFE, if it: (i) certifies that it has no substantial U.S. persons as owners or (ii) if it does have such owners, reports information relating to them. The Fund may disclose the information that it receives from its shareholders to the IRS, non-U.S. taxing authorities or other parties as necessary to comply with FATCA. Withholding also may be required if a foreign entity that is a shareholder of the Fund fails to provide the Fund with appropriate certifications or other documentation concerning its status under FATCA.

Financial Highlights

The financial highlights tables are intended to help you understand the Fund's financial performance for the past five years of the Fund's operations. Certain information reflects financial results for a single Fund share. The total returns in the tables represent the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been derived from the financial statements audited by Cohen & Company, Ltd., the Fund's current independent registered public accounting firm, whose report, along with the Fund's financial statements, are included in the Fund's December 31, 2025 annual report, which is available at no charge upon request. Years prior to 2023 were audited by the Fund's previous independent registered public accounting firm.

Per Share Data and Ratios for a Share of Beneficial Interest Outstanding Throughout Each Year

	Advisor Class				
	Year Ended December 31, 2025	Year Ended December 31, 2024	Year Ended December 31, 2023	Year Ended December 31, 2022	Year Ended December 31, 2021
Net asset value, beginning of year	\$ 25.72	\$ 24.92	\$ 23.23	\$ 29.12	\$ 24.92
Activity from investment operations:					
Net investment income ⁽¹⁾	0.31	0.34	0.38	0.37	0.24
Net realized and unrealized gain/(loss) on investments	5.73	3.12	2.80	(4.26)	5.95
Total from investment operations	6.04	3.46	3.18	(3.89)	6.19
Less distributions from:					
Net investment income	(0.32)	(0.37)	(0.40)	(0.35)	(0.26)
Net realized gain on investments	(2.21)	(2.29)	(1.09)	(1.65)	(1.73)
Total distributions	(2.53)	(2.66)	(1.49)	(2.00)	(1.99)
Paid in capital from redemption fees ⁽¹⁾⁽⁴⁾	0.00	0.00	0.00	0.00	0.00
Net asset value, end of year	\$ 29.23	\$ 25.72	\$ 24.92	\$ 23.23	\$ 29.12
Total return ⁽²⁾	23.54%	13.34%	14.06%	(13.49)%	24.98%
Net assets, at end of year (000s)	\$ 74,432	\$ 67,275	\$ 67,085	\$ 64,610 ⁽⁵⁾	\$ 6,421
Ratio of gross expenses to average net assets ⁽³⁾	1.48%	1.47%	1.47%	1.38%	1.42%
Ratio of net expenses to average net assets	1.24%	1.24%	1.24%	1.24%	1.24%
Ratio of net investment income to average net assets	1.14%	1.25%	1.58%	1.45%	0.83%
Portfolio turnover rate	4.80%	1.65%	1.59%	2.67%	5.10%

(1) Per share amounts calculated using the average shares method, which more appropriately presents the per share data for the year.

(2) Total returns shown exclude the effect of applicable redemption fees. Had the Adviser not waived a portion of the Fund's expenses, total returns would have been lower.

(3) Represents the ratio of expenses to average net assets absent fee waivers and/or expense reimbursements by the Adviser.

(4) Amount represents less than \$0.005 per share.

(5) Reflects increase in net assets due to the conversion of Investor Class Shares to Advisor Class Shares on April 7, 2022.

PRIVACY NOTICE

Rev. May 2021

FACTS	WHAT DOES NORTHERN LIGHTS FUND TRUST II (“NLFT II”) DO WITH YOUR PERSONAL INFORMATION?	
Why?	Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.

FOR MORE INFORMATION

You can find more information about the Fund in the following documents:

Statement of Additional Information

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Annual and Semi-Annual Reports

The Fund's annual and semi-annual reports provide the most recent financial reports and portfolio listings. The Fund's Annual Tailored Shareholder Report contains a discussion of the market conditions and investment strategies that affected the Fund's performance during the Fund's last fiscal year.

You can obtain a free copy of these documents, request other information, or make general inquiries about the Fund by calling the Fund (toll-free) at 1-888-263-6443, on the Fund's website www.alfrankfunds.com or by writing to:
